

```
std::vector< uint8_t >
```

A diagram illustrating inheritance. A light gray box at the top contains the text `std::vector< uint8_t >`. A dark gray box at the bottom contains the text `CANopen::Payload`. A blue arrow points vertically from the top of the `CANopen::Payload` box to the bottom of the `std::vector< uint8_t >` box, indicating that `CANopen::Payload` inherits from `std::vector< uint8_t >`.

```
CANopen::Payload
```
