

```
std::vector< uint8_t >
```

A diagram illustrating inheritance. A light gray box at the top contains the text 'std::vector< uint8_t >'. A dark gray box at the bottom contains the text 'CANopen::Payload'. A blue arrow points vertically from the top of the 'CANopen::Payload' box to the bottom of the 'std::vector< uint8_t >' box, indicating that 'CANopen::Payload' inherits from 'std::vector< uint8_t >'.

```
CANopen::Payload
```
