

```
gnuplotio::BinfmtSender  
< std::pair< T, U > >::send
```

A diagram illustrating a transformation of a function signature. On the left, a grey rectangular box contains the text 'gnuplotio::BinfmtSender' followed by '< std::pair< T, U > >::send' on the next line. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'gnuplotio::BinfmtSender' followed by '::send' on the next line. This represents the removal of the template parameters from the function signature.

```
gnuplotio::BinfmtSender  
::send
```
